

# OneFortyOne WORK EXPERIENCE

**OneFortyOne offers a unique opportunity** for work experience in the Green Triangle in the following categories;  
**General** – students are given an overview of forestry spending time with our estate (establishment & management), marketing and operations (sales, harvesting & haulage) and resources (long & short-term operational planning, data collection & geographic information systems) teams.

**Trade (fitter, electrician or saw technician)** – students off-side our qualified staff at our Woodproducts business, in their nominated trade.

**Science** – students spend time in our resources team and focus on data collection & analysis, long term planning and emerging research opportunities.

**Engineering** – here, students are placed within our Woodproducts business and may be exposed to applied activities pertinent to environmental and mechanical engineering.

#### **Pathways to a career at OneFortyOne;**

At least bi-annually, OneFortyOne seeks applications from those interested in an apprenticeship as a fitter & turner, general electrician or saw technician. Dual-trade opportunities such as general electrician with electrical & instrumentation or fitter & turner with advanced fabrication, may be an option and would be discussed with suitable applicants.

In addition to this, OneFortyOne invites local students periodically to apply for a scholarship to study toward a bachelor's degree in a field relevant to our business. Recipients are eligible to work with our staff already working in their area of study during Summer vacations and join our two-year graduate program on completion of study toward their degree. Details for both the scholarship and graduate programs are available online at <https://onefortyone.com/careers/>

#### **We value inclusion and diversity**

We are a pioneering company with an inclusive approach, rich in diversity of age, gender identity, race, sexual orientation, physical or mental ability, ethnicity, and perspective.

#### **The ultimate in sustainability**

Every day we grow, harvest, process and sell plantation fibre. The combined effect of our actions are carbon positive and help address climate change.

#### **What happens if I am awarded the work experience?**

We will induct you to our workplace on your first day. Work experience students are expected to bring lunches, wear weather-appropriate clothing and get themselves to and from our office. Unless otherwise advised, work experience days begin at 8.30am and end at 3.30pm. Hi-visibility vests, safety glasses and hard-hats are provided. A further requirement is for students to wear steel-toe capped lace-up boots. While we have a few spare pairs, our preference is for students provide their own to ensure correct sizing etc.

#### **How do I apply?**

If you are interested in work experience at OneFortyOne, please request an application form from your career's advisor at school or email [careeroportunities@onefortyone.com](mailto:careeroportunities@onefortyone.com).

We will assess applications submitted and discuss the timing of placements with successful students and their schools to maximise the quality of the experience
